

WELCOME PACKET

Updated July 2021

Welcome to Pediatrics Plus

We are so honored that you have chosen Pediatrics Plus to provide therapy services for your child. We are committed to serving you and your child to the best of our ability. Below are some commonly asked questions that will help you understand the therapy process. We understand that this process is new to most families; therefore, we are always available to answer your questions and assist you in any way. Please take this letter home and keep it for future reference.

My child was recommended to have a therapy evaluation. Now what?

Contact Pediatrics Plus and tell us that you need to make a referral for your child to receive therapy. We will take in all pertinent information for your child and then contact your pediatrician's office for a prescription for the evaluation. We will verify your funding source for eligibility and coverage of therapy evaluations. If you have TEFRA, AR Medicaid, SSI or AR Kids A, therapy evaluations are covered. If your funding is through AR Kids B, insurance, or Early Intervention, a representative from the Pediatrics Plus team will contact you to explain your benefits and provide additional funding options for you if needed. When we have received the prescription and approved funding, the referral manager or a therapist will then contact you to schedule the evaluation.

If you need to cancel your child's evaluation appointment for any reason, please contact Pediatrics Plus as soon as possible. Following two cancellations of evaluations, it will be up to the discretion of the therapy director as to whether a subsequent evaluation will be scheduled by Pediatrics Plus.

Why do you contact my insurance company to verify benefits?

Pediatrics Plus is committed to providing the best care for all families, and this includes being sure that your family is not put under financial stress due to receiving therapy for your child. We want all families to be aware of any out-of-pocket costs that may occur before services are rendered. We will do everything possible to provide additional funding options for you if your insurance company does not cover the therapy that your child needs. Due to this, it may take a little longer to get your child's therapy started.

My child qualifies for therapy. Now what?

After your therapist performs the evaluation, they have one week to turn the report into our administration office. If your child qualifies for therapy, we will send a copy of the report to you in the mail, as well as to your pediatrician for a prescription for treatment. If you have TEFRA, AR Medicaid, SSI or AR Kids A, recommended therapy sessions are covered. If your child has insurance or Early Intervention, we will then go through the steps to ensure proper funding for therapy services. This may mean several phone calls between you and our office; please remember that the prompt return of calls will ensure that your child's services are started as soon as possible. After we have approved funding and received a new prescription for treatment, a therapist will contact you to set up the therapy sessions. Please note that the therapist who performed your child's evaluation may or may not be the same therapist that will provide treatment.

My child qualified for therapy, and it has not started yet. What do I do?

Sometimes it can take up to 3-4 weeks after your child has been evaluated for therapy sessions to begin. We could be waiting on a prescription for therapy from your child's pediatrician or we could be waiting on a decision from you regarding your funding options. The best way to keep this process moving is to stay in contact with our office. We are always happy to address any concerns or answer any questions that you may have.

How often will my child receive therapy?

The amount of therapy that your child will receive is based on your child's specific needs that are determined by the evaluating therapist. The therapist will include recommendations for therapy in your child's report; this report will also include specific goals that your child will be working towards during therapy sessions.

My child did not qualify for therapy but was recommended to be re-evaluated. What do I do?

If a child does not qualify for therapy services at the time of the initial evaluation, the therapist may recommend the child return in 3-9 months to be re-evaluated. If your child receives these recommendations and your pediatrician is in agreement, we will contact you at the recommended re-evaluation date to see if you feel that the re-evaluation is necessary. In order for us to perform the re-evaluation, we will have to request a new prescription from your pediatrician's office. However, if at any time you feel that your child needs to be re-evaluated, please contact our office and we will be happy to assist you.

Pediatrics Plus Financial Policy

Thank you for choosing Pediatrics Plus. We are committed to providing the best services possible to your family. Once you have provided your personal financial information, our administrative and billing team will work very hard to make sure your paperwork is filed accurately and promptly.

In order to provide you with the highest quality service while keeping costs manageable, we simply maintain your credit, debit, HSA, HRA, or care credit card on file to satisfy all co-pays, deductibles and balances not covered by your insurance if your child receives treatment services. An authorization form will be provided to you if it is determined that your child qualifies for treatment.

Service Estimates

Pediatrics Plus will contact your insurance company and provide you with an estimate of cost for both evaluation and treatment services based on the information provided to us. Benefits quoted are not a guarantee of payment. Our goal is to provide a price estimate to help your family in understanding the financial costs associated with your services, but your insurance provider ultimately determines the final bill. Ultimately, you are responsible for the portion of your bill that your insurance does not cover.

Please note that the service estimates are not a guarantee of your final bill. The benefits quoted by your insurance company are not a guarantee of payment and can result in services not being covered based on the decision of your insurance company. While we take every precaution to avoid this, please understand that this is a possibility. If this does occur, we will contact you as soon as we receive the denial to help you understand your options.

Weekly Credit Card Payments

To make the payment process as seamless to you as possible, we will keep your credit, debit, HSA, HRA, or care credit card on file and charge it on a weekly basis. This information is provided to Pediatrics Plus as you complete and sign our credit card authorization form. You will be charged on Friday each week, with a one-week lag in billing. For example, if your child receives therapy on Wednesday and Friday of this week and has a \$25 copay, your card will be charged \$50 the following Friday. There are certain situations in which your credit card may not be charged the full balance each week. This would include when Pediatrics Plus is waiting on a pre-certification and/or waiting on payment information from a primary insurance policy before having to bill a secondary policy. In these instances, Pediatrics Plus will run your card once the necessary information is received from your insurance company. If your credit card is declined, we will notify you and place your child's therapy services on hold until you provide us with a working credit card and any resulting balance is paid in full or set up on a payment plan approved by Pediatrics Plus.

Invoices

If the final payment provided by your insurance provider results in charges to be incurred by the family, Pediatrics Plus will provide a monthly invoice. Charges as outlined on an invoice are due within 30 days of receiving the invoice. Pediatrics Plus reserves the right to send individuals to collections if payment is not received and a payment plan has not been approved by the billing department.

Services Not Covered by Insurance

If insurance does not cover your child's services, you are responsible for payment in full for services provided. We will charge you at our private pay rate in effect at the date of the services provided. Pediatrics Plus will contact you in order to explore funding options and determine a payment plan for services rendered. If your insurance company causes an unreasonable delay in reimbursement for services we have provided to you, we reserve the right to bill you for all unpaid charges.

Coverage Lapses

If your insurance coverage lapses, whether you are covered by Medicaid, AR Kids, TEFRA, Early Intervention, or private insurance, you are responsible for all charges incurred during the time frame in which your coverage was lapsed.

Pediatrics Plus values the families we serve and works to ensure that financial commitments for services are understood and agreed upon prior to initiating services. Thank you for understanding our Financial Policy. Please let us know if you have any questions or concerns.

Patient Financial Liability Statement

Pediatrics Plus will not initiate therapeutic services until financial documents in the form of signed evaluation and/or treatment estimates and credit card authorizations are completed.

I understand that I am personally responsible for charges incurred for services rendered by the office of Pediatrics Plus if any of the following apply:

1. My health plan does not cover 100% of the services rendered for any reason.
2. I do not provide Pediatrics Plus with the correct insurance information.
3. I have chosen not to use my medical coverage at the time services are rendered.
4. I have a medical plan with a carrier that would be considered by this office to be "out of network".
5. My benefit parameters limit or exclude coverage for therapy services.
6. My coverage changes during the course of therapy.
7. I exceed my benefit limitations.

I understand that if I must appeal my insurance company's decision regarding coverage, I will pay for services (past and present) until the appeal process is complete.

Parent Policies and Procedures

Sign-In Policy

For us to be efficient and have quality treatment sessions with your child, **we require that you sign them in** with the receptionist at the front desk and leave a phone number where you can be reached if needed. You are required to stay in the lobby with your child until the therapist arrives. This will avoid the possibility of children waiting alone without the therapist knowing they are here. Also, when your child's treatment session is over, **we require that you sign them out**; this will avoid the possibility of having your child released without proper supervision. Due to the ongoing COVID-19 pandemic and related policy and procedural changes, we are currently following an alternative protocol for child sign-in and sign-out.

Waiting Room Policy

In order to keep a clean and sanitary environment, we ask that no food or drinks be brought into the waiting area (with the exception of bottles). We understand that it is necessary for many of you to bring siblings with you to therapy, and we have no problem with this. However, we ask that you keep them with you in the waiting area during your child's therapy session. This lessens the possibility of a child having an accident or getting lost in the therapy area. Siblings are welcome to watch TV or play in the waiting room while you wait on your child to get out of treatment. We do ask that, if watching TV, the shows be appropriate for all ages. We also ask that any siblings/children in the waiting area be under constant supervision from parents/guardians.

Facility Policy

Due to safety concerns and to provide the most optimal environment for therapy, only children receiving therapy will be allowed past the door from the waiting room into therapy areas. Children receiving therapy will be accompanied by an adult therapist at all times. We want our parents to always be involved in their child's therapy but do encourage you to speak with individual therapists concerning the child's performance and level of distraction with observation.

Evaluation Cancellation Policy

In the event that you need to cancel your child's evaluation appointment for any reason, please contact Pediatrics Plus as soon as possible. Following two cancellations of evaluations, it will be up to the discretion of the therapy director as to whether a subsequent evaluation will be scheduled by Pediatrics Plus.

Cancellation Policy

We understand that there will be times when circumstance arise that will require your child to miss therapy. We ask that you please notify us as soon as you know if/when your child will have to miss. You can contact your therapist directly if you have her number; or you can call the front desk and the message will be relayed to the therapist.

No Show Policy

All new and follow up appointments must be cancelled at least 24 hours prior to the appointment time. Cancellation or reschedule requests on the day of the appointment are considered NO SHOW appointments.

If your child misses 3 consecutive therapy sessions without any prior notification, we will discharge him/her from the therapist's caseload. If your child misses 4 random therapy sessions without prior notification throughout the course of one month, we will discharge him/her from the therapist's caseload. We also reserve the right to discontinue therapy because of too many cancellations. This will be at the therapists' discretion.

Before your child is discharged, we will follow the following steps:

1. A warning letter will be sent after 2 sessions have been missed with no prior notification or after 4 sessions have been missed with notification.
2. If sessions are still being missed, the therapist will contact you to discuss the importance of treatment for your child and to make you aware of upcoming session times.
3. A letter of discontinuation will be sent if child is still missing all or most of his/her therapy sessions, and the therapist will discharge the child from her caseload. We hope you understand that we strive to provide a quality convenient service to all of our patients and their parents. Thank you for your assistance in helping us do this.

Late Drop-off Policy

If you are running late, the therapist will wait 10 minutes after the scheduled therapy session start time for your child. After that, it will be at the therapist's discretion whether or not to treat your child that day. Individuals who are consistently late for appointments may be discontinued from a therapist's caseload following warning from administration.

Late Pick-up Policy

If you drop your child off for treatment, you must be back to pick them up on time. If you are not back to pick your child up when his/her treatment session is over, you will be charged \$1 per minute for every minute past the end of the child's therapy session. Our therapists have patients scheduled all day long, and it is important for them to treat each patient at their scheduled time. If you plan on leaving the clinic while your child is in treatment, please check with the therapist to confirm the correct pick up time. If there is an emergency, please notify us, and we will be able to keep your child until you can get to the clinic to pick him/her up.

Sick Policy

If your child has had viral symptoms (fever, diarrhea, vomiting, etc...) within 24 hours prior to his/her scheduled treatment time, please call and cancel the appointment. This helps to maintain a healthy environment in the clinic for the staff and other patients.

Restroom Policy

We have a restroom in our waiting area for you or your children if needed.

Inclement Weather Policy

In the case of severe inclement weather, Pediatrics Plus may open later than usual or close. You can watch the local television stations and/or call the front desk and listen to the automated message. It will notify you of closings or late openings. If the local public school district is closed, Pediatrics Plus will have an automatic 9:00 opening unless otherwise noted on the automated message and television stations.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU/YOUR CHILD MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Purpose

This notice of Privacy Practices describes how we may use and disclose you/your child's Protected Health Information (PHI) to carry out treatment, payment or healthcare operations and for other purposes permitted or required by law. "Protected Health Information" is information that may identify you/your child and that relates to your past, present, or future health, and may include you/your child's name, address, phone numbers and other identifying information.

We are required to give you this notice and to maintain the privacy of you/your child's PHI because of the privacy regulations of the federal law, the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Pediatrics Plus will obey the rules of this notice as long as it is in effect, and if we make any changes, the rules of the new notice will also apply to all the PHI we keep. If we change this notice, we will post the new notice in our office. Because this law and the laws of this state are very complicated, we have simplified some parts. If you have any questions or want to know more about anything in this notice, please ask our Privacy Officer to contact you.

We understand that medical information about your health is personal and confidential, and we are committed to protecting the confidentiality of your medical information. We create a record of the care and services you receive at Pediatrics Plus. We need this record to provide services to you and comply with certain legal requirements. This notice will tell you about the ways we may use and disclose your health information. We also describe your rights and certain obligations we have to use and disclose your health information.

If you believe your Privacy Rights have been violated, you may complain to us or to the U.S. Secretary of Health and Human Services.

If you have questions or need more information, contact our Privacy Officer at 501.328.3274.

Who Will Follow This Notice

This notice describes the practices of Pediatrics Plus' healthcare professionals, employees, volunteers and others who work at Pediatrics Plus.

Acknowledgement

You will be asked to sign an Acknowledgement of receipt of this notice. The delivery of your healthcare services will in no way be conditioned upon the signing of this acknowledgement.

Your Privacy Rights:

You have the following rights related to your Protected Health Information, and you may:

- Obtain a current paper copy of this notice. If we change this notice, we will post it in the waiting area of our clinic.
- Request to inspect or obtain a copy of your records. Your request to obtain a copy of your medical records must be in writing. You may be charged a fee for the cost of copying, mailing, or other supplies. We are allowed to deny this request under certain circumstances. For example, under federal and state law, you may be denied access to inspect or copy Pediatrics Plus notes.
- Obtain a record of certain disclosures of your Protected Health Information.

We will obtain your written permission for uses and disclosures of your Protected Health Information that are not covered by the notice or permitted by law. Except to the extent that the use or disclosure has already occurred, you may cancel this permission. This request to cancel must also be in writing.

Our Responsibilities

We are required to protect the privacy of your PHI, abide by the terms of the notice, and make the notice available to you if we are unable to agree to a requested restriction or an alternative means of communicating.

Examples of Uses and Disclosures

We will use your PHI for treatment. We use your medical information to provide you with treatment of services. These might include evaluation and testing, therapy progress notes, and treatment planning.

We may share or disclose your PHI to others who provide treatment to you, such as your personal physician. We may also consult with other professionals or consultants.

We will use your PHI for payment. Under some circumstances, we may provide information about your diagnosis, treatments, progress, and duration of treatment plan to an insurance company or other third party payer.

We will use your PHI for regular healthcare operations. The providers may use your PHI to check on the care you received, how your child responded to it, and for other business purposes related to the operating of the clinic.

Business Associates: We may share some of you PHI with outside people or companies who provide services for us, such as record keeping.

As required by law: we must disclose your PHI when required by federal, state, or local law, including law enforcement for public health, abuse and/or neglect, and other legal proceedings.

Required uses and disclosures: We must make disclosure when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the HIPAA Privacy Regulations.

To avoid harm: We may use and disclose information about you when necessary to prevent a serious threat to your health or safety and/or the health or safety of the public or another person.

As noted, if you have any questions regarding this notice or our health information privacy policies, please contact the Privacy Officer at 501.328.3274.

Effective Date of This Notice: October 1, 2003

DDS Children’s Services: Birth to 3

Pediatrics Plus would like to provide you with information on a program that may be beneficial to the development and success of your child. If your child is 0-3 years of age, he/she could benefit from the services of the First Connection Infant and Toddler Program if eligible. This program is “a statewide system of services to assist infants and toddlers and their families.” This program “works with families on an individualized basis to assist in locating and coordinating services and assistance to enhance not only the child’s abilities but those of the family to assist their child.” DDS Children’s Services also has programs and assistance available for qualifying individuals aged 3-21. This is funded in part by Part C of the Individuals with Disabilities Education Act.

Services provided by this program may include the following: assistive technology, health services, medical diagnostic services, speech therapy, physical therapy, occupational therapy, service coordination, social work services, nutritional services, transportation, vision services, multi-disciplinary evaluation, psychological services, nursing services, audiological services, respite, and family training. These services are free to eligible infants and toddlers, voluntary on the part of the family, and provided by professionals who meet state licensing requirements.

If you would like additional information on this program, please contact Tammy Dawson. She can assist you in obtaining more information on how to benefit from the services of those programs. Contact information is listed below:

Tammy Dawson:
 Office: 479-754-3508
 Fax: 479-754-6168
 Toll-free: 800-643-8258 or 800-324-3179

Additional information can also be located at <https://dhs.arkansas.gov/dds/firstconnectionsweb/#fc-home>

DDS Children’s Services: Birth to 3 Opt Out Form

Child’s Name: _____

As of today, _____, I am choosing for my child to opt out of the First Connections Early Intervention program in the state of Arkansas. I understand that this program is completely voluntary and that if I choose to participate in the future, I can contact a state service coordinator through the Early Intervention First Connections program.

Consent to Receive Outpatient Therapy Services

I give consent for my child, _____, to receive therapy services through Pediatrics Plus Therapy Services, Inc. (d/b/a "Pediatrics Plus"). Outpatient therapy services include any or a combination of the following: evaluation, individual therapy, and group therapy. I consent to allow my child to participate in program activities directly associated with his/her evaluation and treatment, and as appropriate, to involve my child's family members. I authorize Pediatrics Plus to review my child's medical record for teaching purposes. I understand that all the personal information that I provide about my child and our family will remain confidential and any published data will keep the identity of my child and family confidential. I authorize Pediatrics Plus, or any of its successors, assigns, or related entities, to file for insurance benefits to pay for the care my child receives. I understand that Pediatrics Plus will have to send my child's medical information to my insurance company. I also understand that I must pay my child's share of treatment costs, specifically those costs my insurance does not pay or if I do not have insurance. I declare that I am this child's legal guardian and have full authority to make all educational and medical decisions on behalf of my child.

I hereby certify that I have read and fully understand the above statements and consent fully and voluntarily to its contents.

Discontinuation of Treatment Policy

NO SHOW POLICY: All new and follow up appointments must be cancelled at least 24 hours prior to the appointment time. Cancellation or reschedule requests on the day of the appointment are considered NO SHOW appointments.

Please be aware that Pediatrics Plus Therapy Services, Inc. may discontinue your child's treatment for any of the following reasons:

- Achievement of treatment goals.
- Failure to appear for four or more appointments within a one-month period, without at least a 24-hour notification.
- Being consistently late for appointments or consistently cancelling appointments.
- Not participating in treatment for a period of 90 consecutive days.

I hereby certify that I have read and fully understand the above statements and consent fully and voluntarily to its contents.

Consent for Students

Pediatrics Plus is a teaching institution. We have affiliated with various national universities as a clinical site for the nursing, education, psychology, and therapy departments. These universities will send students to our facilities throughout the year to learn from some of our team members. The student may participate in your child's care. A Pediatrics Plus team member supervises each student. The students may need to access your child's medical record to learn more about him/her and plan the most appropriate treatment. All students are educated on HIPAA/privacy issues and have signed a privacy agreement confirming to abide by all Pediatrics Plus policies and procedures.

CONSENT: We/I hereby certify that We/I are/am the parent(s) or guardian(s) of the above named child and do hereby give our/my consent without reservation to the foregoing on behalf of my Child.

NON--CONSENT: We/I hereby certify that We/I are/am the parent(s) or guardian(s) of the above named child and do **not** hereby give our/my consent without reservation to the foregoing on behalf of my Child.

Media Consent and Release Form

I am the parent/guardian of _____ (print full name of child) ("My Child"). I hereby grant Pediatrics Plus and its media sub-contractors, agents, and assigns the absolute right and permission to use photographic portraits, pictures, digital images, or videotapes of My Child, or in which My Child may be included in whole or part, or reproductions thereof, in color or otherwise, for any lawful purpose whatsoever, including but not limited to use in any Pediatrics Plus publication, advertisement, social media post, or on the Pediatrics Plus website, without payment or any other consideration.

I hereby waive any right that I may have to inspect and/or approve the finished product or the copy that may be used in connection therewith, wherein My Child's likeness appears, or the use to which it may be applied.

I hereby release, discharge, and agree to indemnify and hold harmless the Pediatrics Plus, and its owners, employees, insurers, media sub-contractors, agents, and assigns from all claims, demands, and causes of action that I or My Child have or may have by reason of this authorization or use of My Child's photographic portraits, pictures, digital images, or videotapes, including any liability by virtue of any blurring, distortion, alteration, optical illusion, or use in composite form, whether intentional or otherwise, that may occur or be produced in the taking of said images or videotapes, or in processing tending towards the completion of the finished product, including publication on the internet, in brochures, or any other advertisements or promotional materials.

I represent that I am at least eighteen (18) years of age and am fully competent to sign this Release.

CONSENT: We/I hereby certify that We/I are/am the parent(s) or guardian(s) of the above named child and do hereby give our/my consent without reservation to the foregoing on behalf of My Child.

NON---CONSENT: We/I hereby certify that We/I are/am the parent(s) or guardian(s) of the above named child and do **not** hereby give our/my consent without reservation to the foregoing on behalf of My Child.
